

Work Related Injuries: New Challenges & New Solutions

April 30th & May 1st, 2018
The Conference Center at Waltham Woods
Waltham, Massachusetts

We are pleased to announce the upcoming 2-day meeting workshop “*Work Related Injuries: New Challenges & New Solutions*” is scheduled to take place April 30th & May 1st, 2018 in Waltham, Massachusetts.

Convening a diverse group of professionals and subject matter experts in the field of worker injury, the meeting will provide a unique forum to address the latest concepts, challenges, and trends. The meeting will offer an interactive format, leveraging round-table and case-based discussions led by experts in the field.

A sampling of attendees include occupational health physicians, nurse practitioners, case managers, utilization reviewers, human resources professionals, occupational health professionals, attorneys, judges, and so forth.

We hope that you will join us for this not-to-miss event!

Sincerely,

Tony Tannoury, MD
Program Chair

**Robert A. (Abe) Timmons,

***Other learners:** For Non-MD attendees, the activity is “designated” as providing the credit and the individual needs to determine if their licensing board will accept the credit.

Work Related Injuries: New Challenges & New Solutions

April 30th & May 1st, 2018

The Conference Center at Waltham Woods
Waltham, Massachusetts

Learning Outcome

At the conclusion of the activity, attendees will be able to properly identify all involved parties in the process to care for an injured worker, as well as how the complete, end-to-end process works. Additionally, they will be able to recognize current trends to solve existing challenges, and apply where appropriate.
